

THE CONFIDENT RIDER SERIES

Learn how to build a successful partnership with your horse.

Are you too nervous to hack out? Are you too anxious to compete? Have your nerves got the better of you? Has your riding world shrunk? Would you like to have the confidence to do all the things you dreamed of, or used to do when you were young?

Would you like to re-discover your passion for riding?

Frances Wilson and Vicky Smith bring together their vast skills and experience in the fields of equine and human development, as published in *British Dressage* and *Your Horse* magazines.

Don't let another year pass you by. For an investment of just £275 you will receive the equivalent of 10 x lessons, plus 10 x NLP sessions (worth over £1100).
